PLACES FOR WEST POINT GRADUATES

INCREASE IN ARMY WILL OPEN THE DOORS.

Thousands of Competent and Well Educated Military Men Will Find Occupation Congenial to Them—Political Pulls Will Not Be Effective in Securing Them.

Washington, Dec. 2—[Special]—The prospect that the standing army will be increased by congress to 100,000 or 150,000 men has already had the effect of bringing petitions by the score to the war department asking for the appointment of this or that officer to important commands.

It may be stated for the benefit of the petitioners that there will be little room for outsiders in the new army. There are large numbers of graduates of West Point who are now unassigned to duty. Many of these have found congenial employment in civil life. A considerable number, however, would not be averse to entering the army if a good appointment could be procured. The new regiments are likely to be officered by the men now in the service. Majors will become colonels, captains will be promoted to captaincies, while the ranks of the lieutenants will be filled by recent graduates from West Point who are unassigned.

It is quite probable that the list of brigadier generals will be increased by four or five. For these places the rank of colonel stand the best chance. Some of the latter have not received promotion for a score of years, although they have been competent in all respects and faithful to every duty. A brigadier general never resigns to give place to a younger officer. He holds to his position until he reaches the age limit and can retire on full pay. He is thus enabled to spend his declining years in ease and luxury.

There is no doubt that political influence will count for much in making the new appointments, but a military education will be required in all officers who receive appointments. It is estimated that there are at least two thousand graduates of West Point now unassigned or in civil life who would be glad of the opportunity to enter the army. Of course seniority will be considered by the appointing power, but it will not take the place of efficiency. The man who on graduation stood highest in his class will be preferred to his senior who occupied a lower grade, for it is the desire of the secretary of war to make the new army the best in the world, and he will show no favoritism.

Probably no country has such an abundance of men thoroughly equipped with a military education as the United States. For many years the military academy has been graduating many men for whom there was no vacancy in the line. As a consequence they have been compelled to take to civil pursuits. These men are competent for army positions of command, and no matter how large a force the new army will consist of it will be officered by the best of material.

RAISES FEVER QUARANTINE

City Officials are Not in the Least Worried These Days

City Health Officer James Gibson raised the quarantine on a number of homes in this city this week where scarlet fever in a light form has prevailed of late. But one home in the city is now quarantined, and that is where a child is ill with a slight attack of the fever.

In many of the surrounding cities the fever has prevailed to a greater extent than here, and Janesville can consider herself fortunate in this respect.

The party broke up about midnight after a most enjoyable evening.

LOVEJOY TALKS LOCATION

Says That No Jail Should Be Erected Near the Court House

Hon. A. P. Lovejoy objects in strong language to the proposed erection of the new county jail in the rear of the Court house.

It would bring the bastile in close view of his beautiful residence.

Mr. Lovejoy, in speaking of the matter, says that it would be an outrage to have it in the rear of the court house.

and that it should be on the lot where it now is. He further says that it would be a bad example for the children of his neighborhood to each day see criminals at the barred windows.

HE IS STILL THE ISSUE

Dreyfus Case Still Agitating the French Public and Alarming The Government.

Paris, Dec. 2—[Special]—A meeting of partisans of revision was held last night at which resolutions were adopted demanding the abandonment of the prosecution of the Picquart case, the revision of the Dreyfus case, and the punishment of the latter's accusers. It is reported that the court of cassation has demanded access to the secret dossier in the Dreyfus case, and that De Freycinet has consented to its production upon condition that certain of the documents shall not be given to the public.

THE MOTH AND THE FLAME

Clyde Fitch's Great Play to Be Seen on Monday Night.

An attraction that is certain to arouse the attention and pleasant expectations of our theatergoers will hold the stage at the Myers' Grand next Monday night, when a company of able and popular players will be seen in a play new to this city by a young American author, whose successes have made any new work from his pen a source of very pleasant anticipation. The Kelcey Shannon company, which is headed by Mr. Herbert Kelcey and Miss Effie Shannon, have made a splendid impression everywhere as one of the best companies in the country. Mr. Kelcey and Miss Shannon are extremely popular and deservedly so. Their work has always been of a very high quality, and their associations have always been with the best companies in the country. Their names are very closely identified with some of the most distinctive comedy successes of recent years, and their frequent appearance in this section have emphasized the esteem and favor in which they are held. In organizing a company of their own they are to be commended on their discretion and good sense in surrounding themselves with capable and experienced actors. They have not followed the unwise course of so many stars who believe that their own ability can make amends for the presence of a company of immature ability.

Mr. Clyde Fitch's name will readily commend itself to the favor of playgoers. Though still a very young man, Mr. Fitch has come strongly to the front through his recent efforts, and any work from his pen is assured in advance of serious and critical consideration. Mr. Fitch has written many plays, but for dramatic strength, boldness of treatment and contemporaneous value "The Moth and the Flame" surpasses them all. In the composition of light and airy dialogue no American writer is superior to Mr. Fitch. His observation of the terrors is keen and trenchant. His sense of humor is alert and his execution sparkling. His stage pictures of modern society are as truthful as Pinero's are of English life. In "The Moth and The Flame" there is no lack of force. It tells the story of a man with a past, Edward Fletcher, who seeks to marry Marion Wolton, the daughter of a banker who has squandered trust funds in his care. To save the name of the family unknown to the daughter, Fletcher assumes the responsibility of paying them. The world knows him to have been a profligate, but Marion believes him in and even at the altar remains true to him in the face of Jeannette Grass's denunciation. Jeannette is the mother of Fletcher's child. When he strikes the woman Marion's whole nature revolts, and the church scene ends with a powerful and dramatic situation. Maddened to desperation Fletcher in the final act endeavors to bully Marion into a marriage, but means are found to check him and through the influence of the woman he so madly loves he gives his name to the mother of his child. This seemingly conventional love affair is accomplished with infinite tact. The story of the play deals almost entirely with people who are counted among New York's "400." The frivolities and sorrows of what is known as the "smart set" are shown.

UP IN THE NORTHERN WOODS

Former Resident of Janesville Makes His Home in Price County

Messrs. Bent and Fenton, two local hunters, have just returned from a trip in the northern part of the state. While there they ran across Ira Crandall, who is nicely located on a farm one mile from Prentice, in Price county. Ira is one of old Rock county's sturdy sons, and a practical farmer. While there Bent and Fenton downed two fine deer within twenty rods of Crandall's house, and the venison stews his son Burr set up would make most of our city cooks bustle to beat them.

WAS AGREEABLY SURPRISED

Mr. and Mrs. Andrew Powell Entertained Several Of their Friends.

A number of the friends of Mr. and Mrs. Andrew Powell perpetrated an agreeable surprise on them last evening at their Linn street home. A delightful repast was in order followed by the playing of cards and other games. Those present were: Messrs. and Mesdames—Arthur Chapin, Mrs. E. W. Sisson, Edwin Kienow, Misses—Lettie Cordingley, Martha Gerke and Sophie Longberg, of Platteville, Louise Collins, Lizzie Yannke, Grace Sisson, Clara Sisson, Helma Buchholz, Emma Sisson and Bertha Gilbertson, Monroe. Messrs.—John Lutz, Arthur Winans and Harry Collins.

SIXTEEN CARS OF TOBACCO

Shipped From Janesville This Week By Buyers From Edgerton

A shipment of leaf tobacco well worthy of mention left this city this week over the Chicago, Milwaukee & St. Paul railroad. Its destination was the east, and the shippers were Charles Culton, C. D. Childs and T. B. Earle, of Edgerton. Buyers from this city have been active in this section of late, and considerable hustling is being done on their part in looking after the crop. Buyers from the east have been in Janesville of late looking up the market, and local buyers are equally active.

It would bring the bastile in close view of his beautiful residence.

Mr. Lovejoy, in speaking of the matter, says that it would be an outrage to have it in the rear of the court house.

ELEVEN MASOMIC MEMBERS FROM HERE

DELEGATES RETURN FROM MILWAUKEE.

Report One of the Most Profitable Meetings in the History of the Order—All Were Royally Entertained During Their Stay—Janesville Sent Representatives.

Members of the Scottish Rite Masonic order are home from Milwaukee, where they attended this week one of the most successful, and fraternally one of the most profitable sessions the Wisconsin consistory Free and Accepted Scottish Rite Masons has ever held.

The consistory closed its session with a banquet at the Masonic temple on Jefferson street last night, about 400 being seated. The thirtieth and thirty-second degrees were conferred on a class of forty-four in full ceremonial form yesterday morning and afternoon, with Robert E. Hill, a thirty-second degree Mason, presiding, while the thirty-second degree was conferred at the evening session with Thomas E. Balding, a thirty-third degree Mason, presiding.

Among those who attended from this city were:

Robert M. Bostwick, Dr. E. F. Woods, Fred Howe, T. O. Howe, W. F. Curle, George Brink, George G. Sutherland, W. S. Fifield, A. E. Matheson, W. W. Wills, Stephen Hotelling.

John W. Latkin acted as toastmaster at the banquet last night, and addresses were made by Eugene S. Elliott on "Ancient Craft Masonry," by George B. Nelson on behalf of the class of 1898, by President Lorenzo D. Harvey on the "Relation of Masonry to Good Citizenship," by Col. N. R. Ruckel, minister of state of the Northern Masonic jurisdiction; Martin Collins, minister of state of the Southern Masonic jurisdiction, and Clinton F. Paige, grand secretary general of the Northern jurisdiction. The banquet was markeed by the attendance of some of the most prominent Masons in the country.

GRAND'S RECORD IS BROKEN

Men Traveling Men Drop Off One Train Last Evening.

Seventeen traveling men, all of whom stepped from one of the evening trains last evening, were cared for at the Grand Hotel.

The fact that seventeen traveling men should arrive in the city is nothing strange, but that they should arrive on the same train was the result of breaking the "one train" record at the Grand Hotel for commercial travelers.

Landlord Sweeney says that as long as he has been in the hotel business here the event of last evening breaks the record. It surely indicates that Janesville is considered a good town.

LOOKS LIKE DAMAGE SUIT

Mrs. Meagher Falls Last Evening And Fractures Her Wrist.

Mrs. Mary Meagher, of 110 Caroline street, while on her way downtown last evening accidentally lost her footing and falling heavily to the walk fractured her wrist.

The accident took place on Prospect avenue, near the home of Mayor John Thorroughood, and after the injured woman managed to regain her feet a physician was called and her injuries dressed.

At a late hour this afternoon none of the lawyers of Janesville had called on Mrs. Meagher, nor have any of them even inspected the walk on which she fell.

SOME MINOR FEATURES OF THE PEACE TREATY.

Spain is Haggling Over the Caroline Islands—Prospect That Germany Will Endeavor to Secure a Foot-Hold There—Treasure in the Maria Teresa's Safe.

Washington, Dec. 2—[Special]—The hitch in arranging the peace treaty with Spain is not causing much uneasiness here. It is understood that the Madrid government has refused to grant three of the demands made by the United States. These are the cession of an island in the Carolines, the granting of religious freedom over the whole of the Carolines and the cession of a cable and coal station at Ceuta. It is believed that all but the second of these conditions would be granted with little opposition, but the granting of religious liberty is the chief stumbling block. Religious intolerance is one of the characteristics of the Spanish race, and they will never consent to forego the ecstasy of burning a heretic at the stake once in a while when other amusements are dull. The United States, however, will insist upon these conditions, and after some frantic and futile protests Spain will recede from its position and grant the demands, reluctantly but completely.

At one time I had such a severe attack that I came near dying.

The pain became so severe that it brought on nervous chills, my finger nails turned purple and I never suffered so much in my life.

The medicine I took seemed to be a stimulant while I used it, and I finally recovered in a measure.

During the last three years I suffered from attacks of headache, dizziness and backache.

It was for these reasons, that on learning about Doan's Kidney Pills, I procured them from the Janesville Co.'s drug store and I can say they are a splendid remedy.

The pain in the region of my kidneys was removed in a short time and since completing the treatment I have felt better generally.

OPIE REED'S NEW DRAMA

"The Carpetbagger" One of the Best of Southern Society Plays.

Politics and romance are mingled in a delightful manner in "The Carpetbagger," Opie Reed's new drama, which will be seen at the Myers Grand tomorrow night. The scene is laid in one of the southern states during the reconstruction period, and the incidents are depicted with extreme vividness and fidelity to life. Tim Murphy, who sustains the leading role, is an actor of rare capabilities, who has earned a fine reputation as a comedian through his work in several of Hoyt's farce comedies. The play and the actors are pronounced by competent judges to be in every respect first class. Those who have read the books of Opie Reed—and who has not?—will eagerly seize the opportunity of witnessing a play constructed by his skillful hand and fertile brain. Mr. Reed is without doubt the best of American character painters, especially in the southern field, and whatever he produces is well worthy the attention of an intelligent public. "The Carpetbagger" should have a crowded house.

TRIPLE ALLIANCE IS SHAKY.

Possible Rearrangement of the Powers of Europe.

London, Dec. 2.—So integral a factor in European politics has the triple alliance been for years past that it seems difficult to credit a suggestion that it can ever collapse, save under an unusually appalling stress of circumstances. Yet there are not wanting keen observers here who consider that the events of the last few days indicate, if not the point of collapse, at least a dangerous shaking of the foundations of the dreibund. With Italy and France shaking hands, commercially at all events, with Germany showing signs of turning to England for an alliance, and, last but not least, with Prussia expelling Austrian subjects on the ground of "national safety," and the Austrian premier retorting in a threatening speech and hinting, none too darkly, at reprisals, it is no wonder that the minds of men are disquieted.

REFORMERS IN SESSION.

Indianapolis, Ind., Dec. 2.—The second day's session of the National Municipal league was held Thursday in the Commercial club assembly-rooms. The entire morning session was taken up with a discussion of the general problem of municipal government. The afternoon session was taken up with a discussion of a paper by Dr. F. J. Goodnow of New York on "The Place of the Council and the Mayor in the Organization of Municipal Government; the Necessity of Distinguishing Legislation from Administration." A general discussion was led by E. J. McDermott of Louisville, Clarence S. Palmer of Kansas City, and John A. Butler, president of the Milwaukee Municipal league.

Style In Jackets

is one of their most important features. No matter how fine the material, how perfect the fit, how excellent the tailoring, if the garment lacks style—lacking this it lacks everything. Our garments have all the good points mentioned above and plenty of style. They come from a maker who is noted for sending out the most fetching creations, and his line for this season is par excellence.

Six sample lines of Coats and Capes have lately been added to the already excellent showing, and on anything in the garment line we know that we stand alone. Controlling so many sample lines enables us to save you one-third—worth looking after I guess.

Millinery

is cheaper here now than earlier in the season, and it was cheaper here then than in other stores. Consequently we are offering millinery values which should challenge the attention of all late buyers. A recent visit to the market secured many mid season novelties as well as some very special values in all lines.

BRYAN'S COMEDIANS COMING

Promise of an Abundance of Fun at the Myers Grand

Bryan's comedians, who will appear at the opera house, for five nights and a matinee performance next week, are spoken of by the press as one of the most satisfactory organizations on the road. "A Hot Time," is the title of the skit they are producing, and it is said to be brimming over with fun of the most rollicking description. The play gives all the artists an opportunity to show their talent and promises to be the funniest that has appeared on the stage for years. Throughout the play many excellent specialties will be introduced, principal among which are the songs of Miss Oiga Bryan and the buck and wing dancing of Wm. Benjamin, the famous New York artist. The company as a whole is vastly superior to the average run of repertoire shows that strike our city.

DAMP WEATHER WILL BRING LEAF TRADE

ROCK COUNTY BUYERS ARE NUMEROUS.

Wet Weather Needed to Bring the Hanging Tobacco Into the Cases—Several Local Sales Recorded of Late—General Movement of the '98 Crop Has Commenced.

The cold, wintry weather of the past week has cooled the ardor of those buyers who have been after the '98 and sales have fallen off somewhat in number, and nearly all are awaiting a good damp spell to bring the hanging tobacco into good case, so it can be thoroughly examined, says The Farm and Home.

When this shall occur we look for a greater degree of activity among buyers, many of whom are all ready when they can examine the tobacco thoroughly and determine the percentage of damage by hail and wind.

Buyers think well of the '98 and are ready to buy when prices and conditions are favorable.

In old leaf a fairly good retail trade is reported, cigar manufacturers buying in small lots and frequently, but large lots are few and far between.

Shipments to outside markets have been very large, S. A. Decker having shipped 8. and S. B. Hedges 2 cars and G. H. Rumrill and others have sent several cars eastward.

The Edgerton Reporter says: The indications are much more favorable now for a general movement of the '98 crop than at any time since buying commenced this season. Evidently the growers have been loosening up in their asking prices somewhat for considerable tobacco has been bought lately under the six cent mark, which it seemed impossible to do a few weeks ago. About all that is needed now to set things going is easing weather of sufficient duration to bring down the hanging tobacco. There are plenty of buyers ready to take the field whenever they can gain an intelligent idea of what the tobacco is like.

Very little tobacco was taken from the sheds during the week as the easing weather was of too short duration.

The shipments out of storage reach about 35 carloads, 1762 cases, for the week to all points. Since last report about 2165 cases of cigar leaf were exported from New York.

BARLEY FIRM WANT

100,000 BUSHELS

JEFFERSON BUYERS INVADE LOCAL MARKET.

Rudolf & Heger Here to Make Things Lively In Buying Line—Hundreds of Farmers Attracted to Janesville These Days—Local Grain Market Never More Active Than Now.

Judging from the large number of farmers' teams, loaded heavily with barley, oats, and corn that are daily arriving in Janesville, the Bower City is today enjoying one of the liveliest grain markets of any town of its size in the state.

The following sign was placed yesterday in front of the Riverside Hotel on South River street; "100,000 bushels of barley wanted."

The placing of this sign in so conspicuous a place announced the arrival of the barley buying firm of Rudolph & Heger, of Jefferson, who are in the local field to pay the highest market price for barley.

The Jefferson firm of Rudolph and Heger are not strangers to the farmers of Rock county, for they invaded this territory a year ago when they managed to purchase 60,000 bushels of barley of Rock county farmers alone. The Jefferson firm have sent here this year two representatives in the person of J. N. Stevens and Louis Peuruer. In speaking of the local market Mr. Stevens stated yesterday that it is his firm's intention to have him and his partner purchase 100,000 bushels of barley here this month, for which they are to pay the highest market price.

Mr. Stevens says that he has made a canvass of Rock county and finds there is plenty of good barley to be had here this year, but that many farmers are holding it back in hopes of securing better prices. He reports having already purchased 5,000 bushels, which is now being hauled to this city and loaded aboard the cars for shipment to Jefferson, where it is used for brewing purposes. The average price paid for this late purchase was forty-three cents a bushel.

Wagons by the score loaded with corn are being brought to town daily, being delivered mainly to W. W. Cargill & Co., Bump, Fetherstone, and Norcross & Doty. Oats are also in demand, and the local buyers are making purchases whenever the opportunity presents itself.

The grain buying market of Janesville is today enjoying one of the liveliest times in its history, and it promises to bring the farmers in from all sections of Rock county.

GILLET IN MEXICO.

Officer Leaves Kansas City with Extra-dition Papers.

New York, Dec. 2.—A special to the Herald from Kansas City, Mo., says: Grant G. Gillett, the "cattle king" of Woodbine, Kan., who decamped ten days ago leaving \$2,000,000 indebtedness behind him, is under arrest at Chihuahua, Mexico, and an officer has started to bring him back.

The greatest secrecy is being maintained, but it is known positively that Gillett is in custody, that he has considerable money with him, and that his captors are negotiating for his return on the basis of sharing the money recovered.

Mr. Elisha Berry, of this place, says he never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which affords prompt relief.—B. F. Baker, druggist, St. Paris, Ohio. "For sale by People's Drug Co."

PECULIAR POISONS.

GENERATED IN THE HUMAN BODY

The Result of Perfect Digestion of Food

Every living thing, plant or animal, contains within itself the germs of certain decay and death.

In the human body these germs of disease and death (as led by scientists Ptolemaeans), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning of the blood making it thin, weak and lacking in red corpuscles; poisoning the brain, causing headaches and pain in the eyes.

Bad indigestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and maddly complexion,

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal, one or two of Stuart's Dyspepsia Tablets because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

A little book on stomach diseases mailed free. Address F. A. Stuart Co., Marshall, Mich.

LOSS AT PROVINCETOWN.

Effort Being Made to Estimate the Storm's Damage.

MORE REPORTS OF WRECKS.

Life Savers Along the Massachusetts Coast Are Kept Busy—Schooner Leader Wrecked Off Black Rock and the Crew Drowned.

Provincetown, Mass., Dec. 2.—An attempt to fix the financial loss of Sunday's storm in and around Provincetown and including the steamer Portland wreck has been made by several men who have large interests in coastwise shipping. The tabulations reached were as follows: Lives lost (probably), 150; loss of property on land, \$10,000; loss of maritime property, not including steamer Portland, \$200,000; the Portland, \$250,000; loss in money and effects of passengers and sailors, \$50,000; total, \$510,000.

A schooner, supposed to be the Grace, of Calais, Me., is ashore two miles southwest of Wood End life-saving station, with masts gone, cabin gutted and no signs of life. It is believed her crew has perished.

Baltimore, Md., Dec. 2.—Capt. Henry O. Appleby and the crew of the American bark St. Lucie, which is now supposed to be at the bottom of the Atlantic, were rescued by the British steamship Orthia of and from Glasgow and were landed here Thursday.

Buzzard's Bay, Mass., Dec. 2.—A member of the life-saving crew at Gay Head, who reached here Thursday, reports that on Sunday morning the schooners Queen Hester, Vivian and Clara C. Baker went to pieces on the rocks of Gay Head, where the City of Columbus was wrecked some years ago. The life-saving station crew succeeded in rescuing nineteen men of the crew.

Schooner a Total Wreck.

Philadelphia, Pa., Dec. 2.—Information was received here Thursday that the schooner Leander V. Beebe, from Philadelphia for Boston, had been totally wrecked off Black Rock, Mass., and that all the members of the crew were drowned. Nothing has been learned by the Maritime exchange here of the fate of the barge Enos Soule, which parted from her tow, the Orion, on Sunday, or the schooner City of Augusta, which parted her hawser and was blown to sea on Monday.

Vineyard Haven, Mass., Dec. 2.—The schooners Amelia G. Ireland of New York and the Clara Leavitt of Portland, Me., were wrecked Saturday night near the Gay Head life-saving station. The captain, mate and four seamen from the Leavitt and one seaman from the Ireland were drowned.

Revenues and Expenditures.

Washington, Dec. 2.—The monthly comparative statement of the government receipts and expenditures shows that during the month of November the receipts aggregated \$88,900,915, as compared with \$12,303,605 for November last year. In that month, however, is included about \$18,000,000 received on account of the Pacific railroad settlement. Independent of these payments the receipts exceeded those for November, 1897, by about \$13,500,000.

Secretary Wilson's Report.

Washington, Dec. 2.—The secretary of agriculture, James Wilson, in his annual report, in addition to discussing domestic problems, reviews our agricultural relations in foreign fields. He calls for an emergency appropriation of a lump sum for future requirements that cannot all be anticipated specifically. Exploration by scientists of territorial acquisitions and the sudden appearance of pests, are some of the possible emergencies.

Brendfully Nervous.

GENTS:—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleaned my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

Tried to Burn a Big Store.

Philadelphia, Pa., Dec. 2.—The timely discovery by a special officer of a man in the act of starting a fire in the basement of John Wanamaker's department store Thursday no doubt saved a serious conflagration and possibly the lives of many persons.

Karl's Clover Root Tea for constipation. It's the best, and if after using it you don't say so, return the package and get your money. For sale by People's Drug Co.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectively with One Minute Cough Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. People's Drug Co., Corner Main and Milwaukee St.

\$16.50 Overcoats
For
\$10.00

This Sale Opens Saturday Morning.

\$16.50 Overcoats
For
\$10.00

Of all the remarkable value sales in Clothing we have yet offered- and you will agree with us there have been not a few--this \$10.00 Overcoat bargain is head and shoulders above them all. We were able to secure by a lucky stroke FORTY OF THESE COATS. They are fine all wool Kerseys in the fashionable blues and browns, the latest full box back cut and stylish length, with the best quality velvet collar. The coat is made with raw edges, with double width stitch lap seams so fashionable in men's garments. The linings are of extra heavy strap cloth and have the appearance of satin inner lining; but are more durable than satin, Italian or serge. The sleeve linings are of fancy stripe wire cloth and are guaranteed to outwear any satin made!

We Positively Guarantee

That the body lining of these Coats will not wear or break out with the season's wear. If they do we will replace them without charge. THE FRENCH FACING in these Coats is seldom found in any but high priced garments. The kersey extends inside over the shoulders giving greater warmth and better fit around the front than otherwise. ONE OF THE GREATEST CLAIMS FOR THESE COATS IS THEIR SUPERIOR FITTING QUALITIES. They hang and fit as well as any of our \$20.00 and \$25.00 Coats. They do not have the appearance of the usual \$10.00 Coat, and are equal in every way to any \$15.00 to \$16.50 Coat to be found anywhere. They are made up fashionably in every detail. There are but three pockets outside, two large ones and a match pocket inside; there are two with buttoned lapels. Any purchaser of one of these Coats we will allow to take the garment and compare it with any Coat offered at the price. If it is not superior in every way and you are not thoroughly satisfied we will refund the money. We were only able to secure forty of them, and, believe us, they are the greatest bargains we ever offered.
